Dear Parents/Carers,

Hope you all are doing well.

Miss Mollett's Super Stars for this week

Well done to all the children for their amazing work!

Great Games!

This week more children returned to school and they had fun playtimes too! We've thought carefully about creating or adapting our favourite playground games to make them 'contact-free'. For children, playground games develop social, leadership, communication and collaboration skills, all whilst having fun!

While at home, games are a great way to keep fit and involve all of the family. If you have an outdoor space nearby, have a go at playing some of the games below.

Home learners challenge: *Pick a game to play with your family and write a brief review, you can take a picture to show us how you got on!*

Slow motion race	Set a start and finish line. Racers move in slow motion but must always be moving. The winner is the last person to cross the finish line.
Fitness I-Spy	The traditional game. However, if the guess is incorrect, the Spy instructs a fitness activity for all the players e.g. "4 press-ups" The winning guess becomes the next Spy.
Giant Rock, Paper, Scissors.	Players face off with rock, paper, scissors. However, they portray their choice with their body; rock- curl up into a ball, paper- spread out wide as possible, scissors- arm and legs reached out on the same side of body.
Guess the pattern	Mark out a grid using cones, tape, dots etc. The leader comes up with a pattern in their head. Players take turns trying to guess the pattern, when they step wrong the leader indicates by making a buzzer sound and the player goes to the back of the line. Players keep attempting until the pattern is realised.

The South London Press wrote an amazing article about the school and the children. Please read below.

Lambeth News

King's Avenue Primary kids "delighted" to be back at school

Children at a Clapham Common primary school are "delighted" to be back, according to the head teacher.

King's Avenue Primary School opened its doors to children in reception, Year 1 and Year 6 on Tuesday of last week, with numbers increasing over the past two weeks.

One Year 1 pupil said: "I love being back at school because I can play with my friends."

The King's Avenue Team worked tirelessly to get the school safe and ready for children to come back.

All classrooms have been set up to seat 12 children and maintain social distancing.

The children have been taught a range of social distancing games to play at lunch and they are learning.

One child said "I'm learning more because my teacher is helping me."

The school continues to provide high quality home learning for all of its children and looks forward to seeing everybody in September.

Head teacher Rachel Mollett said: "The school community have been amazing.

"The support from staff and parents though this difficult time to ensure children are safe, happy and well is incredible."

**Have a lovely weekend.
