L.O: To understand how the Roman Empire grew.

TASK:

- Observe- what can you see?
- Infer- why do you think this is the case?
- Predict- what is the function of this?
- Question- what do you want to know?

L.O: To understand how the Roman Empire grew.

Our topic this half term is all about Ancient Rome.

This was a time in history that lasted from 27 BC/E to 476 CE/AD.

The Roman Empire was the largest of its kind in the ancient world; it included parts of Europe, Africa and western Asia.

Predict: What do you think an Empire is?

Think: What countries are featured on this map? What names do they go by today?

L.O: To understand how the Roman Empire grew.

An empire is the ruling of many countries/state by one person or state.

Now we know what an Empire is and know which countries the Roman Empire occupied, we will begin to think more about how it began.

The story of the beginning of Rome and the subsequent Roman Empire is a legend tale.

What does this mean?

L.O: To understand how the Roman Empire grew.

The Story of Romulus and Remus.

The legend tale of the beginning of the Roman Empire comes from the story of Romulus and Remus, twin brothers born under challenging circumstances.
