The slide features a dark blue background with a border of orange and light blue stars. On the left and right sides, there are vertical yellow banners with a red and white striped top, resembling a rocket or a stylized 'U' shape. The word 'TRACTION MAN' is written vertically in large, bold, black capital letters on these banners. The central white area contains the main text.

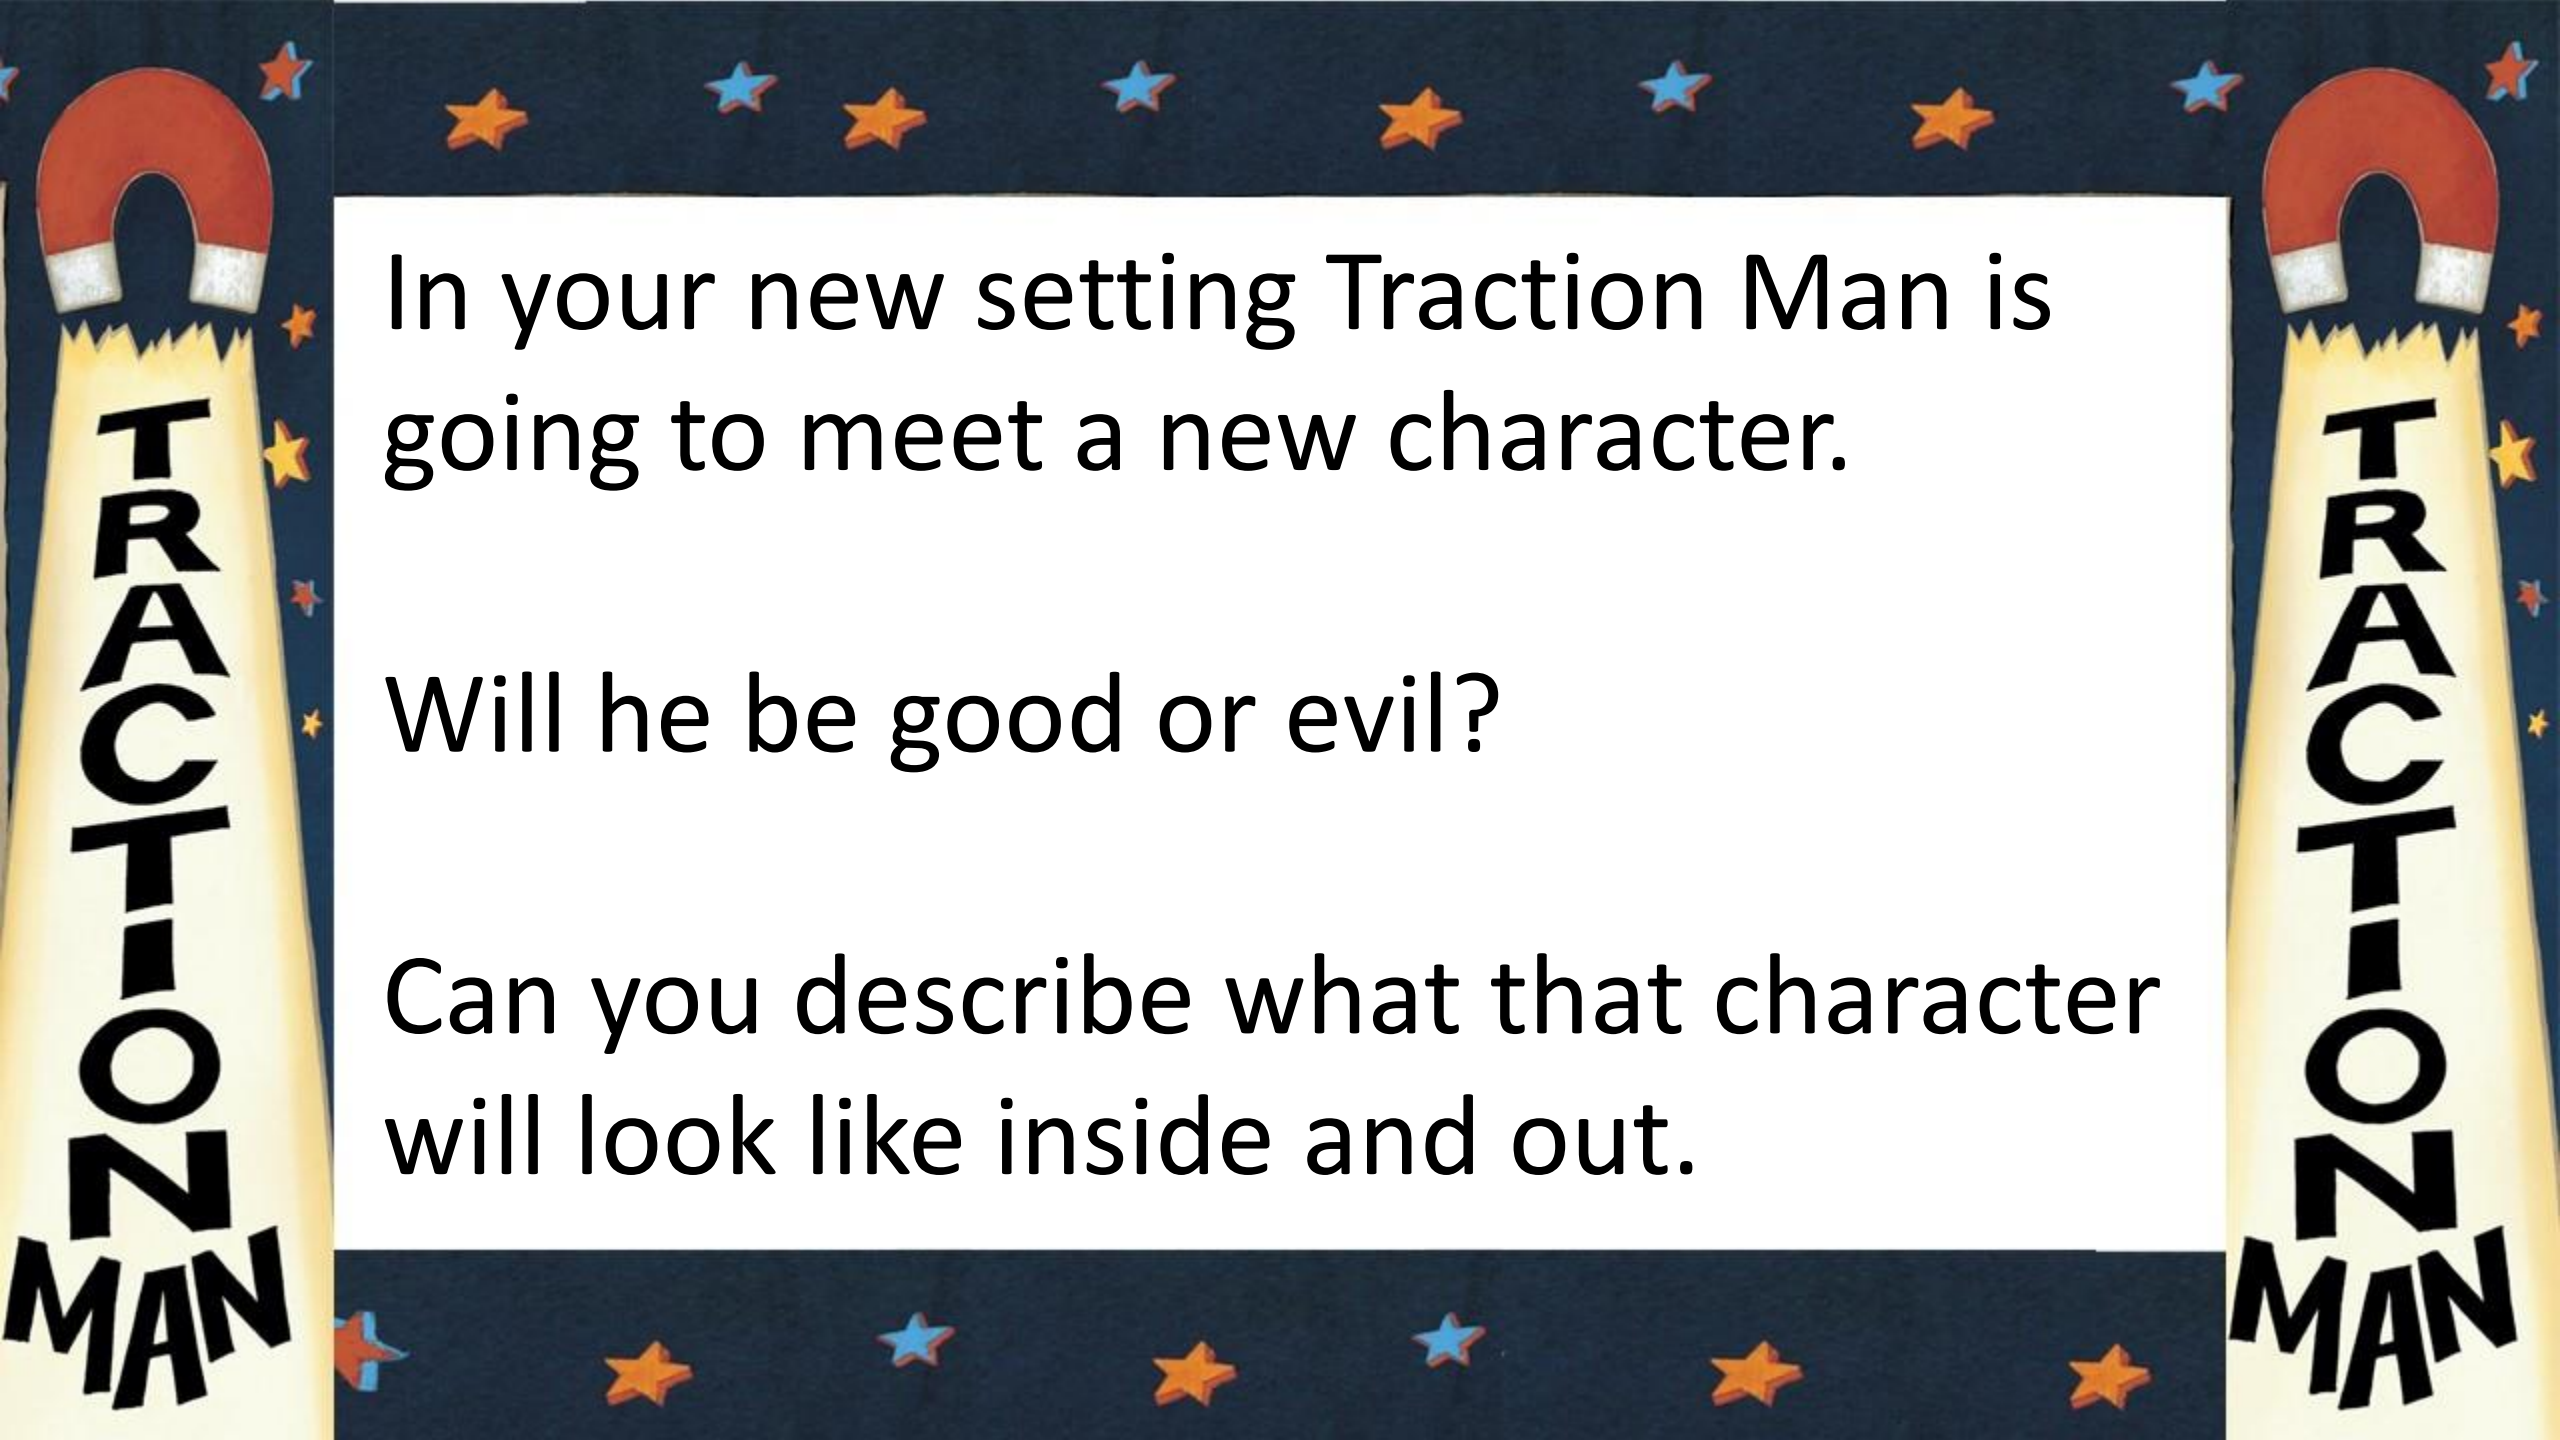

# This term year 1 is reading Traction man by Mini Grey

LO- To create a new character

In your new setting Traction Man is going to meet a new character.

Will he be good or evil?

Can you describe what that character will look like inside and out.

Meet my character.

His name is Henry the evil hoover.  
He has huge eyes and likes to hoover up his enemies.

**TRACTION  
MAN**

Who will your character be?  
What will their name be?  
How will they look?  
Will they be good or bad?  
Will they have special powers?

**TRACTION  
MAN**

**Create a new character for Traction Man to meet.**

## **Steps to Success:**

1. I have thought of a character that Traction Man could meet in school.
2. I have drawn a picture of my character.
3. I have written some information about my character such as its name, appearance, special powers and if it is good or bad.

## **Brain Buster**

**I might be able to include all of the information on the list about my character.**

**TRACTION  
MAN**

LO- To plan a stroy

**TRACTION  
MAN**

A story has a problem (something that happens) and a solution  
(the problem is solved)

Earlier in the week we used a story map for Traction Man and the sink adventure.

The story had a beginning-which tells us the setting/character.

Then we had a problem ( The evil dish cloth getting Traction Man)

Then finally the problem was solved (Scrubbing Brush rescues him)

Using the setting/character you have created in the last 2 lessons think of a problem that could happen- (the evil Hoover tries to suck Traction Man up) and how this could be solved? (The caretaker switches the Hoover off)

Draw pictures to tell your story.

**Plan a Traction Man story with a problem and a solution.**

**Steps to Success:**

1. I have thought of a problem that could happen when Traction man goes to my setting and meets my character.
2. I have thought of how this problem is solved.
3. I have drawn my ideas in the order of which they happen.

**Brain Buster**

I might be able to include speech bubbles.
